## Protecting jobs in our communities

In these tough economic times, Tom Reynolds' priority has been protecting our jobs and doing everything possible to help improve the local economy. As our Congressman, he fought burdensome taxes and regulations to help keep jobs here. He spearheaded efforts to save over 3,000 jobs at Niagara Falls Air Reserve Station, sponsored the Trade Enforcement Act to keep American jobs secure and has attracted high tech employers to our communities.

## Getting results that matter

Tom Reynolds is a leader we can count on to take care of us in Washington. As our Congressman, he's gotten results by lowering taxes, protecting workers and fighting to lower prescription drug costs for seniors. Congressman Tom Reynolds is getting results by:

- **Reducing** the tax burden on working families, including working to end the marriage penalty
- **Working** for a comprehensive energy plan to lower energy costs, encourage conservation and end our dependence on foreign oil
- **Lowering** drug costs by passing a new prescription drug benefit
- **Saving** the Manufacturing Extension Partnership to keep jobs in New York
